To Whom It May Concern,

Re: ZERO - Arts Council England National Lottery Project Grants Application

South East London Mind is pleased to confirm its support for Hoo Hah House Productions' development and world-premiere production of *ZERO* at Greenwich Theatre in April 2027.

We welcome the project's commitment to representing mental distress with complexity and care, alongside its focus on creating accessible opportunities for people and communities who have historically experienced barriers to cultural participation.

South East London Mind will support the project by promoting *ZERO*, its free community workshops and its dedicated BSL-integrated relaxed performance through our programmes and community networks. We will also share information about paid participation opportunities connected with the project's Movement and Psychology Lab.

We look forward to helping the company reach people affected by mental-health challenges, alongside peer-support networks across South East London.

We believe *ZERO* offers a valuable opportunity for people to connect with others and engage creatively with themes of mental health and wellbeing. We are pleased to support the project and look forward to sharing these opportunities with our community.

Yours sincerely,

Zsa Vatisdis
Community Services Manager (Greenwich Services)
